

Instructions

- Complete both sides of this application.
- Remember to sign your completed application on the back page.
- Return the application to your investment professional or financial organization.

Account Number(s)

List all account numbers with an optional description of the account type to help you differentiate multiple accounts once you are logged into NetExchange Client® (for example, retail account or retirement account).

User Identification (ID)

Your user ID must be between four and ten characters long. Please provide three potential user IDs, in case your first or second choice is already taken. You do not need to provide an ID for each account; all accounts listed above will be linked to the same ID. You will be sent an e-mail notifying you which user ID was selected, or indicating any modifications, if they were necessary.
